

Dr. Barbara MacDonald-Rodgers, ND, LAc, MSOM (NPI: 104 413 0769)

Rates are based on CPT-service codes, which are defined by insurance laws as 'services performed', not by time. Approximate time it takes to perform this service is listed but is not fixed. Other factors such as number and complexity of the health concerns, examinations, lab tests ordered, etc. determine insurance qualification for each CPT Service Code. Even if a patient does not have insurance, we are obligated to code all patients the same.

New & Return Naturopathic Medicine CPT Codes and Rates 1/1/18:

| Code | Rate | TOS Rate | Est. Time | Code | Rate | TOS Rate | Est. Time |

*NB: *Uncovered service for Patients with MCHO insurance; Patient responsible for this charge. MCHO does not cover acupuncture, CranioSacral, Qi Gong, Guided Imagery, etc.. Insurance companies do not generally pay for shiatsu, heat therapy, CranioSacral Therapy, guided imagery and Qi Gong. These services may be charged separately. There is NO TOS discount offered on ND services when combined with Acupuncture.*

Please note that Dr. Barb now bills insurance for all those who are eligible for reimbursement such as those with out-of-network acupuncture benefits, unless exclusions or limitations negate coverage. Patients are responsible for co-pay, co-insurance and fees that go toward their deductible and all uncovered services. In our local area, this often means that we bill for most Anthem BC/BS & some Harvard Pilgrim, Cigna policies. Please request a copy of the Acupuncture Coverage Questions to inquire on your coverage or request assistance from the front desk and have this form completed prior to your next visit.
